Bio:

Since being introduced to electronic music back in the early 90's, **Audio Injection** has been hooked. At the early age of 15 he started Djing and playing out at local underground events and raves in Southern California, at the parties he would be playing various styles of electronic music such as House, Acid and of course Techno.

After years of Djing he then decided to learn to produce his own music which landed him on Techno labels Monoid, Stimulus and Droid Recordings to name a few. Audio Injection is also a resident at the infamous Interface Warehouse Events as well as a regular producer for Droid Recordings along with Drumcell (Co-Founder of Droid Behavior).

With releases & remixes on labels such as Droid, 4 Track, Circle Music (Germany) , Tora Tora Tora, Lazerslut, Smallroom, Impact Mechanics, Timefog, Prosthetic Pressings. Its know wonder **Audio Injection** continues to shape his own sound of mind bending Techno.
